To,

THE PUBLIC INFORMATION OFFICER,

Cochin Port Authority,

General Administration Department,

Willingdon Island, Cochin 682009

**Sub: Right to Information regarding KWA pipe passing through land of survey No.1166/2**

Dear sir,

A pumping pipeline of approximately 700mm dia of Kerala Water Authority (K.W.A) is passing through the land of Cochin Port Trust of survey No.1166/2 located near old thoppumpady bridge, which has already progressing with a construction work of a commercial building.

I kindly request you to provide me the K.W.A details regarding the approval documents from the Cochin Port Authority for the usage of land, layout plan and rent details for this pumping pipeline mentioned above.

LPONR GIF 781104 dt 17/8/2023

Thanking you,

Yours Sincerely,

RUHAIM MUHAMMED V

No. T7/Lands/ KWA/99-C

Dated 03/02/2017

To

The Executive Engineer,  
Kerala Water Authority,  
P.H Division, Kochi-16.

Sir,

Sub: Laying 700mm DI pipe from Mattancherry halt to the underside of  
Thoppumpady Bridge.  
Ref: Your letter No. DB3-745/14 Part II dated 09/12/2016.

This is with reference to the above, regarding Right of Way permission for  
laying 700mm DI pipe from Mattancherry halt to the underside of Thoppumpady  
Bridge.

2. CoPT has decided to accord "in principle" approval of the proposal subject to Policy  
Guide lines for Land Management by Major Ports issued by the Ministry from time to  
time and the following special conditions in addition to the usual terms and conditions:
- Necessary sanction may be obtained from the Highway authorities, KSEB,  
BSNL and other cable line operators having cable lines through that area,  
before laying the line.
  - Utmost care should be taken not to damage the oil lines, water lines, OFC etc  
passing through the area. If any damage is caused, it should be rectified at  
your risk and cost.
  - As the road is used for the heavy loaded container traffic, pipe line should be  
laid with a minimum earth cushion of 1.20 m.
  - It is to be noted that the land in which the pipeline is proposed to be laid is put  
to tender for Commercial activities. Hence, the line may be laid through the

De/CA(Sv)11

northern end area of the plot put to tender i.e., close to the drain, and using minimum land. No Valve chambers shall be provided in the area.

- v. The line shall be laid at a sufficient depth without any water leakage so that Cochin Port/Lessee can effectively utilize the area.
- vi. Way Leave Charges, SD on Way Leave Charges, Supervision charges and SD against reinstatement charges are to be paid as per the prevailing Land Policy Guidelines of Govt of India.

3. Final approval with detailed conditions including payments to be made by you follows.

Yours faithfully,

  
Chief Engineer.
